Avian Medicine Residency Training Program  
University of California, Davis

The California Animal Health & Food Safety Laboratory System (CAHFS), School of Veterinary Medicine, University of California, Davis is offering a two-year Residency Training Program in Avian Medicine. This program is designed to provide training in poultry diagnostics and production medicine for those interested in avian diagnostics and clinical poultry veterinary medicine. The program is recognized as a training program by the American College of Poultry Veterinarians and fulfills a portion of the requirements for ACPV board certification. The training involves extensive poultry diagnostic casework. Casework is supplemented by weekly case conferences, seminars, lectures, and rotations through specialty laboratories including bacteriology, immunology, histopathology, virology, and toxicology. One position is available at the CAHFS Turlock laboratory. A DVM is required and one year of internship or equivalent experience is preferred. Must be able to effectively communicate both orally and in writing with colleagues and clients.

The current salary for the first year of the residency program is $41,592. Continuation in the 2nd year of the program is contingent upon mutual satisfaction on the part of both the resident and the CAHFS.

Applicants must submit (1) a curriculum vitae, (2) a letter of intent, (3) transcripts from veterinary school(s), and (4) three letters of recommendation to: Sharon Hein, Administrative Analyst, California Animal Health & Food Safety Laboratory System, P.O. Box 1770, University of California, Davis, CA 95617, (530) 752-8709, e-mail: slhein@ucdavis.edu. Program inquiries can be directed to Dr. Gabriel Senties-Cue at gsenties@ucdavis.edu. Deadline for materials is October 31, 2016.

The University of California is an affirmative action/equal opportunity employer.

EACH RESIDENCY/FELLOW TRAINING PROGRAM BEGINS ON AUGUST 1.
